Experience

Frontend Dev @ Travian Games

JAN 2026 - PRESENT, MUNICH (hybrid)

- Contributing to Travian: Legends in a large-scale codebase using React and TypeScript.

Product Designer @ Zooplus

MAR 2022 - DEC 2025, MUNICH (hybrid)

- Led UX research and end-to-end design for a new e-commerce experience. Identified usability gaps, validated improvements, and aligned stakeholders around user-focused solutions.
- Improved the Savings Plan UX, leading to a 10% boost in purchases and stronger retention.

Frontend Dev @ Zooplus

MAY 2020 - FEB 2022, MUNICH (remote)

- Enhanced the front-end of the Checkout Funnel, aligning design and implementation through close collaboration.
- Used A/B testing via Adobe Target to improve conversion and usability.

UI Designer & Frontend Dev @ Flyla

NOV 2019 - MAY 2020, MUNICH

- Redesigned and implemented UI improvements for the web app, improving performance and UX.
- Won 1st prize at the IATA AIR Hackathon (Seattle, 2020).

Frontend Dev @ Pantaflix & Twago

OCT 2014 - SEP 2018, BERLIN

- Led front-end development for a CMS improving the experience for filmmakers.
- Built a white-label CMS connecting companies with freelancers in a cross-functional team of 12.

UI Designer & Full Stack Dev @ Dreamsite & Uniagro

JUL 2009 - SEP 2014, MADRID & MALAGA

- Designed and built 20+ corporate websites, leading the shift to Responsive Design and SASS.
