UX/UI Designer & Front-end Developer

Professional Experience

Front-end Dev @ Zooplus

MAY 2020 - PRESENT, MUNICH

Collaborated with the designers to improve the UI on some parts of the platform. Participated in a ongoing transition and migration to a more JavaScript oriented ecosystem using React and Micro Frontends. Worked on the checkout funnel.

Designer & Front-end Dev @ Flyla

NOV 2019 - MAY 2020, MUNICH

Improved the look and feel of the site with a minimal approach using Figma. Developed new features on the platform. Refactored the code to diminish the technical debt. Worked with React / Redux, TS and Styled Components. Won the 1st prize at the IATA AIR Hackathon celebrated in Seattle, Feb 2020.

Gap year

OCT 2018 - OCT 2019

Spent some time in my hometown, and a few months traveling across Asia, including the Himalayas in Nepal and modern cities in Japan. Back in Germany I studied German and I did a few courses.

Front-end Dev @ Pantaflix

MAR 2017 - SEP 2018, BERLIN

Implemented new features on the main website. Responsible for the front-end on a CMS for filmmakers and consumers, using plain JavaScript and Twig.

Front-end Dev @ Twago

OCT 2014 - FEB 2017, BERLIN

Participated in the development of a white-label CMS for external companies to handle freelancers and projects. Implemented new features on the main website.

Designer & Full-stack Dev @ Dreamsite & Uniagro

JUN 2012 - SEP 2014, MADRID & JUL 2009 - MAY 2012, MALAGA

Developed and Designed +20 corporation websites using jQuery and PHP. Designed logos and banners.

Education

UX Academy @ Designlab

NOV 2020 - JUL 2021, ONLINE

Software Development @ IES Pedro Espinosa

SEP 2007 - JUN 2009, ANTEQUERA
